Call for 2006-2007 Subsistence Fishery Proposals

The Office of Subsistence Management is accepting proposals from Monday, January 3, 2005 through Friday, March 25, 2005 to change Federal regulations for the subsistence harvest of fish and shellfish on Federal public lands. The proposed changes are for the 2006-2007 regulatory year (April 1, 2006 through March 31, 2007).

Please use this form to propose changes to harvest limits, season dates, methods and means of harvest, or customary and traditional use determinations. Submit a separate proposal form for each change you propose. If you live in a resident zone community of a national park or national monument, or if you already hold a Section 13.44 subsistence use permit issued by a National Park Service superintendent, you may apply for an individual customary and traditional use determination.
